

ABOUT THE CURAÇAO TOURIST BOARD

The Curaçao Association, for the promotion of foreign visits, was formed in 1915 and its responsibilities were taken over by the Curaçao Chamber of Commerce and Industry in 1934. In 1945, Curaçao appointed a representative in New York reporting to the Chamber of Commerce and Industry until 1948, when the government took over tourism promotion from the Chamber of Commerce and created the Curaçao Tourism Commission (CTC). In 1955, the Curaçao Tourism Board (CTB) replaced the CTC and opened an office in Caracas in 1982. In 1984, the CTB opened an office in Rotterdam.

In 1989, the Curação Tourism Development Foundation (CTDF) was formed. In 2003, the CTDF started doing business as the Curação Tourist Board (CTB). The Supervisory Board, composed of seven persons, supervises the foundation. The organization is managed by a Director and Deputy Director.

ORGANIZATIONAL VISION

To be the driving force of sustainable growth and development of tourism by aligning public and private institutions to coordinate planning, promotion, and management efforts.

CURAÇÃO TOURISM BOARD'S MISSION STATEMENT

To market Curação as a leisure and business destination thereby assuring sustainable benefits to the island.

The Curaçao Ports Authority (CPA), a limited liability company whose main shareholder is the government of Curaçao, has managed all Curaçao's ports since 1981. CPA is ISO 9001 & 14001 certified and has two subsidiaries: KTK Tugs and Curaçao Pilots Organization (CPO); it also has a joint venture with the Dutch Regional Training Center. CPA owns the container terminal, two dedicated cruise terminals and most of the wharves and properties adjacent to the harbor which are leased to private operators.

Its responsibilities include a.o. and security (ISPS - IMO) access coordination, pilotage, vessel movement regulation, port maintenance & development, and the management of the bridges and ferries. Moreover, CPA is responsible for commercial development of the ports and overseas promotion.

CPA is a platinum member of the Florida Caribbean Cruise Association, the American Association of Port Authorities, and the Caribbean Shipping Association. The cruise port of Curaçao, located in the Southern Caribbean, ranked number one Cruise Critic's list for the Southern Caribbean region, with a five out of five Cruise Critic editor rating.

The recently completed Willemstad cruise infrastructure expansion enables the port to welcome the latest generation of cruise vessels. The port cluster offers a broad range of services including one of the region's largest dry-docks, stevedoring, bunkering, fresh water delivery, waste management, ship supplies and equipment and training & surveys. In addition, the cruise terminals offer many amenities for the convenience of our visitors, ensuring an enjoyable experience.

With modern infrastructure and the experienced port cluster, the ports of Curação offer maritime and logistical service excellence.
